

## Business Grants – How we have helped clients...

### – Unusual businesses included in the Retail, Hospitality & Leisure Grant & the ability to claim **PER PROPERTY!!**

As you know, under the Small Business Grant Fund (SBGF) all eligible businesses, in England in receipt of either Small Business Rates Relief (SBRR) or Rural Rates Relief (RRR) in the business rates system, are eligible for a payment of £10,000.

**However...** under the Retail, Hospitality and Leisure Grant (RHLG), eligible businesses will receive an expanded grant and the types of businesses included may surprise you - such as funeral directors, employment agencies, car hire, estate / rental agents and opticians. See the full list here...

<https://www.mcwallace.co.uk/pdf/expanded-retail-discount-guidance.pdf>

**Please also note...** if your business falls into the RHLG category, you will receive a grant **PER BUSINESS PROPERTY!**

### Case Study Example: Employment Agency

You own an Employment Agency...

- so your business falls into the Retail, Hospitality and Leisure Grant category

You have four outlets...

– so you can claim **per property**, depending on the rateable value of each property

#### Property 1

– rateable value up to and including £15K – you will receive a grant of £10K

#### Property 2 & 3

– rateable value over £15k but less than £51K – you will receive a grant of £25K per property

#### Property 4

– rateable value over £51K – you are not eligible for a grant

**In total, you will receive a cash grant of £60K for your business.**

Do not assume that your business is only eligible for a small business grant. Get in touch if you are unsure or need additional support.
