TRANSPORTATION STORAGE RELOCATION SPECIALISTS

Freezer and Fridge Transportation

Refrigerators and freezers alongside the bulkier items of furniture and other household appliances are usually the most difficult to move from one location to another. You should never attempt to move them without prior knowledge of how they should be prepared and packaged beforehand. The main problems are created at this stage - by using Dr-Relo you can rest assured you're in safe hands.

Laboratory Relocation

Each and every move is undertaken with strict compliance to all Health and Safety legislation, as well as ensuring all COSHH regulations whilst transporting any hazardous materials are followed.

Crate Hire

As part of our removal/relocation services we offer delivery, rental and collection of crates. Our high quality rental crates are chemical proof and suitable for anything from laboratory to office relocation.

Office Relocation /Buy Back

Dr Relo can help you move with minimal disruption and any furniture that isn't required we offer a buy back solution to go towards your relocation costs.

Specialist Industrial Removals

With our vast knowledge we can be trusted to move even the largest items of machinery and medical equipment. Engineering equipment which require specialist moving equipment, Dr-Relo can help.

Safes & Fire Proof Cabinets

Our fully trained staff can provide "Safe Uplift" and Relocation/Recycling services. Dr Relo can also supply a new safe tailored to your specific requirements.

Professional Recycling Services

From Hazardous materials to general waste or surplus office furniture, we know how to recycle any type of material safely and discreetly. We can provide timed collections on a regular basis including same day and emergency collections.
