MOT CENTRE AND TESTER GUIDANCE

Rules on opening

Garage or MOT centres can open and carry out MOT tests.

The Driver and Vehicle Standards Agency (DVSA) has published guidance for vehicle owners that says:

- / they should still get an MOT if it expires before 30 March 2020
- / if their MOT due date expires from 30 March 2020 it will be extended by 6 months

An MOT centre can stay open after 30 March 2020 to carry out MOTs if you need to. This could include retests or tests of a vehicle that had an MOT due before 30 March.

Garages can also stay open to carry out repairs or services as well.
