# An audience with **Justin Urquhart Stewart** & **Jan Mølby**

We are delighted to invite you to our exclusive lunch - An audience with **Justin Urquhart Stewart** & **Jan Mølby**.

Justin Urquhart Stewart is one of the most recognisable and trusted market commentators in the world of finance. He will discuss the latest economic developments, and the impact on our economy, following some of the most turbulent economic and political challenges in modern times.

We are also privileged to have Jan as our after lunch speaker. Jan will entertain us with stories spanning his distinguished career - including his 12 years playing for Liverpool FC and being capped 33 times by Denmark.

There will be plenty of opportunity to put questions to Justin and Jan, who never shy away from a good debate, which should make for some lively discussions!
